September 12th General Meeting 7:00 pm
September 17th Confluence Run
Meetings @ Bob's Restaurant Nampa, ID

Due to a nasty computer virus we do not have an August 2022 President's Letter.

Very Respectfully,
Shay White

WWA President

Confluence Run September 17, 2022

Please join us for the annual Confluence Run September 17th 2022. At this time we have a few leaders but always need some more.

Please contact Jim Moore

208-250-2267 or someone on the board if you could lead a group. There will be a drivers meeting place to be determined.

We will be serving steaks at 6:30 P.M. in the Pittsburgh Landing Lower Campground.

Please bring your favorite side dish. We look forward to seeing all of you and all the different type of side dishes and desserts. **

**If you have never attended the Confluence Run, many members gather at Pittsburg Landing and camp in the Lower Campground. Most come in on Friday or earlier if schedules allow. The club run is on Saturday with leaders to assist with the correct route to get to the confluence of the Snake and Salmon Rivers and back.

The club provides the steaks for Saturday dinner and everyone brings a side dish or dessert to share. Lots of visiting, good food and perhaps even a toast or two.

Sunday morning the club provides a breakfast at 8:30.

A special Thanks to Jim and Brandi Moore who have chaired this run many times. They are always looking for leaders and will guide you in the right direction for a good time. If you would like to lead a group or if you have questions, call Jim Moore, 208-250-2267.

A Utah couple landed a sturgeon last week that handily broke the Idaho state record by several inches, <https://idfg.idaho.gov/fish/record/catch-and-release> the Idaho Department of Fish and Game said in a Friday news release. <https://idfg.idaho.gov/press/monster-sturgeon-tops-state-record-list> Greg and Angie Poulsen, of Eagle Mountain, Utah, were fishing at C.J. Strike Reservoir on Aug. 5 when they hooked a white sturgeon. The reservoir, about an hour's drive south of Boise, extends to the Snake and Bruneau rivers. The massive prehistoric sturgeon are known to inhabit the Snake River, though Fish and Game said the largest specimens are typically found in Hells Canyon. The Poulsons' sturgeon measured in at 124 inches — or just under 10 feet, 4 inches. The previous record, set in 2019, was 119.5 inches.
