Old Business:

Jayne White reported on the HCRC bathroom project. Thank you to all that helped. Chet Thorson reported on the IJBA Meeting regarding the Circle C proposal by Idaho Power. The proposal has been sent to Indian Affairs and we will just wait to find out the decision. Idaho Power would like to construct a building at the Circle C to house a caretaker and some of their equipment. If this can happen Idaho Power might take over the upkeep for Pittsburgh Landing.

Brandi Moore reported on the Confluence Run. Everything went very well. No major dents or bumps on any boats. Great food was served and lots of good friendship was enjoyed. Lots of hours were but in on the bathroom projects by Richard Powell, Rick and Shay White, Gary Hays, Bob and Becky Hays. It was suggested that lots of bats lost their home when the bathrooms were redone. Bat boxes are needed. Bob Hays is going to make some. The bats are needed to keep the bugs down. One last suggestion was that more gas is better than running out.
